## PROFESSIONAL EXPERIENCE

YBVR (YERBA BUENA VR) • Madrid, Spain Nov 2024 - Present (1 year 8 months)

### Unity VR Developer

- Developed Unity/OpenXR features for Xtadium, a free Meta-funded Mixed Reality sports app for Meta Quest featured as a top Meta MR app, streaming NBA, UFC, EuroLeague and NASCAR content up to 8K 180°/360°.
- Built a UI component system that let the design team assemble screens directly in Unity, fully removing engineering from UI layout work.
- Shipped a full localization system (English, Spanish, German) and an onboarding/tutorial framework usable directly by designers.
- Developed a real-time interactive 3D tabletop for NASCAR broadcasts rendering 100+ cars synced to live and VOD telemetry, used across 3 live events.
- Built the reusable spin-off system powering derivative apps (Xtadium Music, CultVRe) from a shared codebase.
- Optimized rendering and data pipelines to sustain a stable 90 FPS on Meta Quest and contributed to the Built-in to URP render pipeline migration.

LURTIS AI • Móstoles, Spain Sept 2022 - June 2024 (1 year 10 months)

### Unity Game Developer

- Programmed, tested and optimized gameplay mechanics and in-game environments in unannounced RPG mobile transmedia title in Unity URP.
- Helped design and document gameplay mechanics, UI, and general game experience for an unannounced RPG mobile transmedia title.
- Coordinated 3D and 2D art teams using an agile workflow to create and implement assets in-engine, following design documentation.
- Developed a dashboard to balance and manage the mobile game "ZPLN," connecting to a Google Firebase backend using Angular and TypeScript.
- Designed and implemented an early multiplayer testing mode for the mobile video game "ZPLN" using a Firebase backend.

LURTIS AI • Móstoles, Spain Mar 2021 - June 2021 (4 months)

### Intern Unity Developer

- Implemented game mechanics and UI for a serious game focused on teaching recent history to teenagers in a classroom setting.

ISOSTOPY • Madrid, Spain Feb 2020 - July 2020 (6 months)

### Intern Unity Developer

- Assisted in the development of a truck checking simulator for a company that issues truck driving licenses in the United States.
- Assisted in the development of a runner-type video game for a Spanish company.

## ADDITIONAL EXPERIENCE

Freelance online 2022

### Private tutor in Unity and Programming

## PROGRAMMING LANGUAGES

- C#
- Python
